

## **Bath City Supporters Club 2020 AGM**

### **Candidates' Statements**

#### **Ashley Davis**

Since being elected onto the Committee two years ago, I have primarily been responsible for the running of the Supporters Club's social media accounts as well as the updating and maintaining of our website.

I was also involved with establishing the new 'Membermojo' online membership system which has been very successful in attracting new members to the Supporters Club. More recently I have run the virtual 50/50 draws during the lockdown period which raised over £2,000 for the club.

Along with my role in the Supporters Club I attend almost every City game, home or away, sell programmes and draw tickets in the bar, provide Twitter updates on the club's account from away matches and even pull pints in the upstairs bar on occasion!

I have enjoyed serving on the Committee for the last two years and hope to be able to continue to do so through this election.

#### **Shane Morgan**

I would like to stand for the Supporters' Club committee again as I would like to continue helping the Supporters' Club raise revenue to help the football club and to help the fans. I run the Supporters' Club tea bar which raises substantial funds for the Supporters' Club. The tea bar also provides a valuable service to the fans by offering them value for money catering. As well as running the tea bar I also organize the Supporters Club quizzes and produce the programme notes for the Supporters' Club page. As well as being a Supporters' Club committee member I am also on the Supporters' Society committee and I am Director of Operations and COVID-19 Officer of Bath City Football Club.

#### **Martin Powell**

I have served on the Supporters Club committee for some 20 years and in that time have been chairman, membership secretary, organised the supporters' coaches to away matches and run various fundraising events.

My present role as secretary includes collating the agendas and taking the minutes at our monthly meetings, making all the arrangements for the AGM and keeping members informed of Supporters Club news and events.

I also assist Cheryl Bradley with the administration of the coaches to away fixtures.

During the coronavirus lockdown I contacted many of our more vulnerable members to check on their wellbeing.

I have always strived to ensure that the Supporters Club is an integral part of the Bath City family. While it is not formally represented on the Club's Board, in my four years as Supporter Liaison Officer I regularly promoted its aims and achievements and ensured that

the interests of our members were considered. I recently liaised with the Supporters Society in its decision to include Supporters Club members in its election for my successor.

I strongly believe that the Supporters Club's achievements in raising so much money for Bath City FC have been largely due to the dedication and team spirit of its committee and I very much hope to remain part of it.

### **Leon Webb**

I first started watching City in the late seventies when my dad used to take me to Twerton Park.

For the last four seasons my wife and I have sponsored Bladud the pig and we supply his new kit every season. We also go to Wincanton races every year to support him in the mascot race.

For the last three seasons I have been selling match day draw tickets before matches and for the last few months of last season I took on running the draw while Basil had been unable to. I can also be seen putting up posters before home matches for future supporters club coaches and events.
